About Live

workhuman* live

MAY 12-15 2025 | GAYLORD ROCKIES

The world's most **transformative** HR conference

If you've ever been to a Workhuman Live, you know we're not traditional. And that goes for the treatment of our sponsors as well. Workhuman Live is where you make deep connections with our attendees through memorable, highly-integrated experiences. And we can only offer a few of these unique opportunities.

By sponsoring, your brand can connect with the changemakers, culture creators, leaders, disruptors, innovators, and mavericks of the HR industry who are coming to talk about the most pressing workplace issues of today.

Who can sponsor?

To be a sponsor, your business must:

Provide a solution that helps enhance the culture of an organization

Align with Workhuman from a brand/thought leadership perspective

Not be a current or potential competitor in one or more areas of our Workhuman Platform

Strengths of our sponsorship program

Exclusivity

We don't have hundreds of sponsors and exhibitors. You'll have limited competition for the mindshare of this incredible audience.

Integration

Our sponsors are a part of the overall experience, not disconnected in a separate hall or location.

Ease

Workhuman will support you every step of the way to ensure a successful sponsorship.

Our audience is extremely engaged. They want to meet other providers.

They want to meet you.

A large, vibrant crowd of people is gathered in a modern, brightly lit event space. The scene is filled with energy, with people of diverse backgrounds and ages. The lighting is a mix of cool blues and warm oranges, creating a dynamic atmosphere. In the background, several booths and banners are visible, including one that says "DEMO EXPERIENCE THE HUMAN" and another that says "WELCOMING BEAT BURNOUT". The overall impression is of a cutting-edge, engaging HR event.

**Not your typical

Excellent conference. From the diverse representation to the keynote and session speakers, this conference was worth every penny! I would highly recommend this to anyone who is interested in making their workplace a better place, not just HR professionals.

–HR Manager, NBCUniversal

“

Informational, inspirational, and transcends the world of HR. I met many individuals outside of the HR field that were inspired by the topics being presented. This information is valuable to people, because people are the heartbeat of any successful organization.

“

You always make this event so engaging and inspiring. NO ONE does it like you. I appreciated all the insights and am happy to have tangible engagement ideas and solutions to bring back with me to my organization.
